

Together, let's learn continually, lead confidently, and succeed collectively.

Biographical Note

Kia ora (Hello, শুভেচ্ছা, Nǐ hǎo, Salam, Namaste)! I am Mohammad Mominul Hoque, a first-year PhD student at the Department of Pest-management and Conservation, Faculty of AGLS. As an international student at Lincoln University, I understand firsthand the exciting opportunities and unique challenges of adjusting to a new cultural and academic environment. Driven by empathy and a commitment to our diverse student body, I am running for “**International Representative**” to ensure your voices are strongly represented, heard, and valued within the Lincoln University Students' Association (LUSA). My goal is to foster an environment where every international student feels supported, included, and empowered to thrive.

Policy Statement

To celebrate diversity and enhance the student experience, my campaign centres on a clear vision: **Learn, Lead, and Succeed**. If elected, I will advocate for three key priorities:

Learn (Industry-Linked Education)

Unemployment and job dissatisfaction are challenges faced by both local and international students. I will work with the University and Industry to strengthen connections between students and employers. This will create more opportunities for practical learning, industry engagement, and career development, helping students prepare for successful employment after graduation.

Lead (Leadership Through Connections)

By chairing the International Advisory Committee, contributing to relevant committees, and strengthening relationships between international student leaders and University governance bodies. I will create collaborative platforms such as a Student-Alumni Forum. These initiatives will build leadership skills and expand professional networks.

Succeed (Building an Inclusive Campus Community)

I am committed to fostering a safe, welcoming, and vibrant multicultural campus where diversity is celebrated, inclusion is valued, and every student feels respected, supported, and empowered to succeed, while honouring the principles of *Te Tiriti o Waitangi*.

I will remain connected with students and university to turn your feedback into action.
